

PINEAPPLES, UNICORNS AND

CACTI, OH MY!

Ten Frame Cards

These cards are perfect for math centers and math tubs. Students can use dry erase markers or math manipulatives to practice counting to 20. This is perfect and simple practice for students who need additional practice with one to one counting or for continued practice and reinforcement! These are also great for year long reinforcement of counting skills!

Simply print, laminate and cut apart! Use the included recording sheet for independent practice, center assessment or center accountability.
